

Dear Mr. Bryant

This is Genesis Conley. I just wanted to thank you for giving me a tour of the place and telling me the rights and wrongs in life. I also wanted to thank you for understanding me and taking it easy on me. I really appreciated the fact that you are doing this for my own good and that you care for me. I promise to make a difference. After every thing that I saw, it made me scared so bad that I wont do anything bad again. I will think before I speak, not cuss at all, or even think about talking about a teacher or disrespecting one because I don't want to end up at jail. I want to succeed in life and you really helped me get back on the right path to succeeding. I also want to the thank the young lady and her judge for giving me tips on not ending up down there. I will start reading and start caring for other peoples feelings instead of my own. All in all I just wanted to say thank you for your great help.

Thank You

Genesis Conley
